# 2021 CLARK COUNTY 2022 RESOURCE GUIDE

**Your Guide to  
Local Resources,  
Clubs and  
Organizations**

 **The Columbia**

**Every year we ask our readers to submit their club and organization information for inclusion in the annual Columbian Resource Guide.**

Our goal is to produce a helpful guide to the various organizations and nonprofits that make our community so vibrant. While not comprehensive it does include information on a variety of community organizations.

We also include information about local government, schools, and useful community information. Our intent is to provide a guide you will reference all year.

For information on being included next year contact [resource-guide@columbian.com](mailto:resource-guide@columbian.com). For additional advertising opportunities for your club or organization contact [communitypartnerships@columbian.com](mailto:communitypartnerships@columbian.com) or call **Teresa Davis at 360-735-4572.**

The stories of WWII heroes in our nation's history have been told far and wide, but there are those whose stories have yet to receive the recognition they deserve. African Americans played a crucial part in the war, serving a country that made discrimination and racial segregation part of their daily life.

"If they were going to hinder me with racism, I was going to overcome through the power of excellence."

– U.S. Air Force General Daniel "Chappie" James Jr., WWII Tuskegee Airman

This fall and early winter, The Historic Trust invites you to visit the "Fighting for the Right to Fight" exhibit and learn more about some of the thousands of African Americans who helped fight the Axis powers abroad and on the home front. They were determined to preserve the freedoms that they themselves had been denied and work toward greater civil rights.

Individuals featured include:

- West Point graduate Benjamin O. Davis, Jr. who earned his pilot wings at the Tuskegee Institute, and was appointed commander of the 99th Pursuit Squadron.
- Second Lieutenant Willa Beatrice Brown, the first African American woman commissioned in the Civil Air Patrol, trained Army Air Force pilots during the war.
- In 1942, Charles Allen became one of the first African American men to join the Marines and was one of the first eight to serve as drill instructors.

## *The Salvation Army Christmas 2021 — Hope Marches On!*

Christmas morning comes to every child but not every child gets something on that special day! For more than 130 years, The Salvation Army in Vancouver has been making a difference for children on Christmas morning. There are countless stories of how an unexpected child was surprised by gifts provided to the family from The Salvation Army.

One typical story is of a single mom with three kids. After the kid's dad abandoned the family, mom took on a full-time job but was barely able to make ends meet. Before the end of each month, she would visit our food pantry to get enough to feed the kids until her next paycheck. When the holidays came so did the burden of finding money to buy gifts. During her monthly visit to the Salvation Army food pantry, our staff encouraged her to sign up for gifts from the Angel Tree program. Once registered, she experienced great relief knowing the joy of Christmas was back. Now, with gifts under the tree, she knew her kids would be happy and she no longer had to be burdened.

When a family registers their Christmas need with us we place the child's gift wishes on an Angel Tree Tag that is hung on a tree somewhere in our community. Sponsors, just like you, can host an Angel Tree by displaying the tags that have the child's first name, age, and three gift wishes. Once the gifts are purchased, they can be delivered to The Salvation Army where they are organized to be given to that specific child. On a pre-arranged day, the families pick up their gifts from The Salvation Army to give to their children on Christmas.

The gifts purchased and given to each child does more than bring a smile their face on Christmas morning, it gives the family hope that tomorrow might be a little brighter. If you or your company would like to sponsor an Angel Tree this year, please go to our website:

## OUR PLAY ROADMAP

*"Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood."* Said Fred Rogers, aka Mr. Rogers. Indeed, play is the way that children learn about their world. Play supports intellectual, emotional, and physical development and is essential to a child's development. Further, play is critically important to all humans as we relieve stress, enjoy physical activity, laugh, and experience fun together.

Columbia Play Project understands the importance of play and is dedicated to the creation of a children's exploratory and play space in Clark County, WA. The Board of Directors, led by Jeanne Bennett and Casey Wyckoff, is committed to creating a children's museum that supports children and families as they learn how to be in the world. It's serious business but guaranteed to be fun too.

Columbia Play Project operates on the belief that every child deserves the freedom to play, inside or outside, with materials or just their imagination, in a group or quietly on their own. To achieve this sort of environment, Columbia Play Project will build a thoughtfully designed, flexible, attractive space that allows the young and the young-at-heart to have fun while learning.

As Columbia Play Project works toward the goal of a full-scale

museum, the non-profit is also designing two other phases. First up is a series of at-home play kits, the first of which will be launched in early December 2021 and includes guided learning about ecosystems, introduction animal guides, art supplies, information on ecosystem experiences in the community, and beautifully designed wooden animal guides that encourage imaginative play.

The second phase is a mobile museum conceived as a tool to create exploratory play in small, targeted groups such as organizations serving children, churches and schools, community groups and others. The mobile unit will begin rolling through Clark County in 2022 and will focus on exploratory play.

In January 2022, Columbia Play Project will host "listening sessions" to begin learning what the community wants in a full-scale children's museum. Information obtained during those meetings will inform the Board of Directors regarding design for a play space. Columbia Play Project invites interested parties to sign up for the Columbia Play Project newsletter to receive information about the listening sessions and other Columbia Play Project activities. NW Parrot Rescue was formerly known as NW Bird Rescue, and has been servicing Clark County since 2000. Since January of 2001 we've helped injured wild birds of all types. In 2014 we redirected our focus to our original mission of helping orphaned & abandoned Parrots. Most of our orphaned parrots are relinquished from family members who recently experienced a death of a family member, and left with an orphaned parrot. Those parrots need to be rehomed correctly with a matching adopter rehomed. We now are more like a matchmaking service for parrots.

Dear Friends,  
COVID has been a constant and unwelcome companion this year, over-shadowing and influencing much of what we've done. At the **Vancouver Society of St. Vincent de Paul** we've been blessed to continue to safely feed, clothe and house many.

## a few of the facts from this year

(OCTOBER 1, 2020–AUGUST 31, 2021)

**Distributed over 810,000 pounds of food**, to over 11,000 households, with a new shopping-style model that allows clients the dignity of choosing their own groceries.

Through a grant from the WA State Dept. of Agriculture, we **purchased new, larger cooler and freezer units**, and a self-serve refrigerator necessitating a complete revamping of our food area.

We've spent \$372,841 helping **380 families with rent assistance**.

We've also provided **emergency shelter** for 140 families and individuals.

We provided Thanksgiving and Christmas food boxes to 845 families, and Christmas gifts for over 900 children!

We assisted 90 families with **utility payments**, keeping the lights and heat on and the water flowing.

## Charity and Compassion For All

**Vancouver Society of St. Vincent de Paul**

## one young man's story of need and gratitude

Jay, a single father of two teens, came to us with friends to volunteer one day. A few months later, after an injury sidelined him from his job, he approached us for help with his rent, which we were happy to give. Now receiving short-term disability benefits until he's back at work, he expects to soon be earning and managing his finances successfully again, while keeping his family together in their home.

The Society made all the difference for this family when they hit an obstacle, preventing an eviction, helping them to maintain their home and their dignity. Jay was so grateful for our help and wants to become a regular volunteer.

Established in 1938 in Vancouver during the Great Depression at St. James Catholic Church, the Vancouver Conference has seen constant expansion with St. Joseph, Our Lady of Lourdes, and Holy Redeemer Catholic parishes joining together, along with our community support, to provide services to friends in need in the form of food, clothing, household items, rent and utility assistance, and other works of charity. Dozens of volunteers faithfully donate their time and efforts to answering God's call to love their neighbors.

## POPULATION

2021 - 512,800  
2020 - 499,200  
**INCREASE - 2.72%**

Clark County packs a lot into its 656 square miles: seven cities (and part of an eighth), rural landscapes, urban cityscapes, unique neighborhoods, great schools, active volunteers, strong environmental stewardship, thriving businesses, friendly people, mild climate and year round outdoor recreation opportunities.

With its pristine beauty, natural resources and mild climate, this area has always attracted people—from the native tribes of ancient times, to the era of explorers and settlements, and now the modern days of continued growth and industry.

## LA CENTER

Named to reflect the town's role as the center of commerce for northern Clark County, as well as the mix of English and French influences. Although, legend has it that the town's first name was "Podunk," which didn't have the same connotation back then.

Washougal's Hathaway Park  
Installation of safe and  
age-appropriate play structure

Accessible, beautiful, and robust outdoor spaces and recreational programs are one of the strongest economic drivers of successful and sought-after communities. Clark County's location in the Pacific Northwest provides easy access to our natural resources and outdoor spaces improve the quality of life in our communities. These are the places where families grow closer, neighbors come together, friends and pets exercise, and kids play. These spaces are where stories are made, and the work of the Parks Foundation helps provide the backdrop for these stories to be written.

Since 1999, the Parks Foundation of Clark County has served as a pillar of support for our local network of parks, trails, and recreational programs. The Parks Foundation is unique in that it serves all of Clark County, including Battle Ground, Camas, La Center, Ridgefield, Vancouver, Washougal, and Yacolt. Our vision is that Clark County will have the best parks, trails, and recreational programs to meet the needs of a growing and diverse population.

Thanks to members, donors, and corporate support, the Parks Foundation has provided grants for community projects not funded by tax dollars. Grants for new playground equipment, teen programs, summer camps and programs, dog park enhancements, and upgrades to

bike and skate parks are just a few of the projects funded by the Parks Foundation.

The Parks Foundation of Clark County has awarded more than \$1.2 million in grants by focusing on three major areas:

- 1. Parks:** With over 200 parks across Clark County, there is an adventure for everyone. Parks provide free and healthy outdoor activities and experiences that are accessible for all to enjoy.
- 2. Trails:** You don't have to go far to find a trail and enjoy the natural wonder that is Clark County. Whether an easy stroll or a long-distance trek, our trails provide the perfect opportunity to unplug, play, and explore.
- 3. Recreational Programs:** Kids and adults alike deserve the opportunity for a healthy and active lifestyle through recreational programs, regardless of their ability to pay.

The work of the Parks Foundation cannot be done without the support of neighbors like you. Please consider becoming a member of the Parks Foundation of Clark County through a monthly recurring donation. Membership enables the Parks Foundation to help fill funding gaps for projects and programs in neighborhoods across Clark County.

We're social! Join us on Facebook, Instagram, or Twitter @ParksforClark to find out which projects we'll be working on next!

Parrots For Patriots, Founder; Christopher Driggins served with the 82nd Airborne Division, also suffers from PTSD. Discovered that his parrot has helped him dramatically with his struggles with his PTSD. After his discovery in 1986, he decided to share the wealth of this natural parrot medicine with others, by starting Parrots For Patriots in 2015. This program is designed exclusively for retired and inactive duty veterans and their spouses. We're currently re-homing orphaned parrots in OR and WA A plan to expand our program nationwide is starting in fall of 2021.

CDM Caregiving Services is Southwest Washington's oldest and largest in-home care agency for the elderly and disabled of all ages who need care. We are also proud to offer adult day services that offer restorative exercise, meaningful therapies, activities, and socialization.

**Our Adult Day Center may be temporarily closed, but we're still here.**

*We're now offering virtual activities while continuing to care for hundreds of clients in their own homes.*

If you'd like more information call **360-896-9695** or email [info@cdmcaregiving.org](mailto:info@cdmcaregiving.org).

**We look forward to our reopening. Until then please stay safe and take care of each other.**

We have been a vital part of our community for over 40 years. We were founded by volunteer leaders to serve a growing segment of our population in need of services that did not exist at that time. Since 1978, CDM Services has served tens of thousands of individuals of all ages. We have continued to grow with the help of our staff, donors, and volunteers who make our mission possible.

Our vision at CDM Services is purposefully ambitious: We are and will continue to be the recognized leader and resource provider of comprehensive programs and services, including care for the elderly and people of all ages with disabilities.

After over three decades of providing tens of thousands of people with millions of hours of in-home care, CDM Caregiving Services realized that there was more that we could do

for the community – we already offer the best care in YOUR home – now we also offer the best care in OUR home.

The CDM Adult Day Services lead the way in adult day services that provide respite for caregivers and meaningful activities for clients.

- Registered Nurse on staff during core hours.
- Individualized restorative exercise program by a licensed Physical Therapist.
- Services such as Music Therapy, Art Therapy, Therapy Animals, and memory-boosting activities.
- Socialization with others and being part of a "community" has proven to reduce depression and increase general health.
- Nutritious and varied meals are included.
- Free caregiver support groups are offered.
- Care is available from 8AM to 5PM Monday through Friday.

We provide services funded by Medicaid, Respite, the Family Caregiver Program, and other publicly funded programs. We also accept most long-term care insurance, and have competitive private-pay rates.

# Outsmart energy waste and lower your electric bill

**To increase comfort and help keep utility costs down, here are some inexpensive energy-saving tips.**

## Heating and cooling

- Adjust the thermostat by one or two degrees
- Use the programmable feature on the thermostat, if there is one
- Close window coverings to keep heat inside during the cold season

## Water heating

- Wash only full loads in your clothes washer and dishwasher
- Use the cold water cycle to wash clothes
- Set your dishwasher to air dry
- Take shorter showers
- Install low-flow shower heads and faucet aerators to reduce use of hot water

## Electronics

- Use smart strips to turn off computer equipment and entertainment devices when not in use
- Choose the energy-saving mode on electronics when available

If you're thinking about bigger projects, for a limited time we've increased the incentives for many energy efficiency improvements.

If you're having trouble paying your bill, please call us right away. Eligibility for assistance programs has been expanded in response to COVID-19 and we're ready to help.

## Refrigeration

- Keep your refrigerator at 37 to 40 degrees and your freezer at 0-5 degrees
- Say goodbye to the extra fridge or freezer and unplug the less efficient unit

## House tightening

- Repair or replace exterior door weather stripping to stop drafts
- Make sure windows are properly caulked on the outside  
*Look for cracks or where caulking has pulled away from the window frame or wood frame of exterior wall. Deficient caulking should be removed before installing new caulking.*

## Lighting

- Replace burned out light bulbs with LED bulbs
- Turn off unneeded lights
